KSEAB, Karnatak Percentage: 65
- **Adarsh** 2016
KSEEB, Karnatak Percentage: 72

EXPERIENCE

- **Proton Experts Systems and Solutions** Aug 2023 - Present
Software Engineer Bengalore
 - Results-driven Software Engineer with expertise in full-stack development, adept at creating seamless user experiences through the integration of,SQL,MySQL,PHP, JavaScript, jQuery, HTML, and CSS. Proven ability to deliver high-quality, scalable solutions by combining technical proficiency with a creative approach. Strong collaborator and problemsolver with a passion for staying abreast of emerging technologies and industry best practices.
 - PHP,Java,JavaScript, Front-end Development, Back-End Development, MYSQL,SQL

PROJECTS

- **Galect: Campus Interview Management System** Oct 2023 - Dec 2023
Designed and developed a Campus Interview Management System.
 - Tools & technologies used: HTML,CSS,JQuery,JavaScript,PHP ,MYSQL
 - As a Software Engineer, I led the development of 'Galect,' an internal project facilitating campus interviews. From conceptualization to implementation, I utilized PHP, jQuery, JavaScript, HTML, CSS, and MySQL to create a comprehensive platform. By seamlessly integrating the front-end and back-end, 'Galect' streamlines the campus interview process, enabling efficient student selection based on final results.
- **Prostar: Employee Recognition System** Sep 2023 - Oct 2023
Developed a Employee Recognition System using HTML, CSS, and JavaScript,Laravel, MYSQL,PHP
 - Tools & technologies used: HTML,CSS,JavaScript,PHP ,Laravel
 - Prostar: Employee Recognition System - Spearheaded the development and implementation of an innovative employee recognition system, Prostar, designed to foster a culture of appreciation and acknowledgment within the organization. This system effectively streamlined the process of recognizing employee achievements, enhancing morale and productivity across teams.
- **Books Directory** Dec 2023 - Jan 2024
Designed and developed a Books Directory using HTML, CSS , JavaScript,NodeJs,Express,MongoDB
 - Tools & technologies used: HTML,CSS,JavaScript,JQuery,NodeJs,Express,MongoDB
 - Books Directory - Developed a comprehensive online platform for organizing and managing a vast collection of books. The directory allows users to search, browse, and access detailed information about various books, including author details, summaries, and reviews. Implemented user-friendly features such as advanced search filters and personalized recommendation systems to enhance the user experience.
- **Personal Portfolio** Feb 2024 - March 2024
Developed a portfolion website using HTML, CSS, and JavaScript,,NodeJs,Express,MongoDB
 - Tools & technologies used: HTML,CSS,JavaScript,,NodeJs,Express,MongoDB
 - Personal Portfolio - Crafted a dynamic and visually engaging online showcase highlighting professional achievements, projects, and skills. Leveraged modern web development technologies to design an interactive platform that effectively communicates expertise and showcases past work experiences. Incorporated responsive design principles to ensure seamless accessibility across various devices, enhancing visibility and networking opportunities.

TECHNICAL SKILLS AND INTERESTS

Languages: JAVA | JAVASCRIPT | HTML | CSS | PHP | NodeJS

Developer Tools: GIT | GITHUB | Vs Code | IntelliJ | Sublime Text | Eclips

Frameworks: JQuery | Laravel | BootStrap | Express

Cloud/Databases: :MySQL | SQL | MongoDB

Soft Skills: Problem Solving | Teamwork | Active listener

Areas of Interest:Software Development | Full-Stack Development
